

PRESIDENT HARDING IS INAUGURATED

Inaugural Address Contains Significant Statements

Washington—The inauguration of Warren G. Harding as twenty-ninth president of the United States of America was conducted at Washington, D. C. on the 4th of March, with impressive dignity, and the simplicity made necessary in courtesy to the invalid condition of the retiring president, Mr. Wilson.

At 1:15 p. m. the president-elect was conducted down the main steps of the east front of the capitol to the inaugural stand, where he was given the oath of office as president of the United States by Chief Justice White at 1:22.

Though brief, this part of the ceremony was most impressive. The great crowd stood bareheaded as the new president leaned devoutly forward to kiss the Bible in the hands of the chief justice. Immediately came a fanfare of bugles and the marine band, in scarlet uniforms, directly in front of the stand, stood and played "The Star Spangled Banner."

Promptly at 1:30 President Harding began the reading of his inaugural address, concluding at 1:56. After receiving the congratulations of many in the distinguished throng behind him, the new president went directly to the senate and presented his cabinet nominations in person.

Address Outlines America's Stand
A solemn warning that America stands ready to resist any attempted reversion of civilization was sounded by President Warren G. Harding in his inaugural address. America, he said, seeks no part in directing the destinies of the Old World, but she is ready to enter an association of nations for conference and counsel which will not impair the sovereignty of the United States.

He declared flatly against permanent military alliances.

The league of nations was not mentioned, but schemes of "super-government" were unsparingly denounced.

The new executive pledged himself to recommend a way to approximate disarmament and expressed a desire to join with other nations in plans for mediation and arbitration, clarification of international law and establishment of a world court.

But aside from this general international program, President Harding pinned his hope on a new era of the golden rule, which should be crowned with the autocracy of service.

Outstanding Peaks in the Harding Policy

Outstanding peaks in the policy of the new administration, as indicated by the inaugural address of President Harding include:

- No direction of Old World policies.
- No permanent military alliance, political commitments or economic obligations which will subject our decisions to foreign authority.
- Formulation of an association of nations for conference.
- Recommendations looking toward approximate disarmament.
- Creation of machinery for mediation, conciliation and arbitration of international disputes.
- Clarification of international law.
- Creation of a world court.
- Resistance to assaults on civilization.
- Promotion of international trade.
- Reduction of abnormal expenditures.
- Administration efficiency.
- Lightened tax burdens, sound commercial practices and adequate credit facilities.
- Sympathetic concern for agricultural problems.
- Abolition of government experiments in business.
- Industrial peace.

After a scene marked by its solemnity, Calvin C. Coolidge of Massachusetts, having assumed his duties as vice-president, his first official act being to convene the senate in extraordinary session, after which he administered the oath of office to the thirty-two senators whose terms begin with the new congress.

SPRING VALLEY BUY BEATEN
San Francisco—San Francisco's voters defeated the third proposal that has been made for the city to purchase the properties of the Spring Valley Water Company. While the proposition was favored by a majority of those voting, it requires a two-thirds vote to carry a measure calling for the issuance of bonds.

Miss Myrtle Merrill, 13, a Placerville high school student, was instantly killed by the overturning of an automobile in Clarksville on the Placerville highway last week. Five other students were injured. The party was on the way to the San Juan high school at Clarksville to see a moving picture.

The cornerstone of the Temple of the Legion of Honor, a classic monument to the Californians who fell in the World war, was laid at San Francisco with addresses by Gov. Stephens and other notables. The temple was given to the city by Mr. and Mrs. Adolph B. Spreckels, and is being built on an eminence in Lincoln Park.

POWERS SEIZE GERMAN CITIES Warlike March on Ruhr is Unhindered

Duesseldorf—Armed forces of France, Belgium and Great Britain have occupied the three principal cities of the Ruhr basin—Duesseldorf, Duisburg and Ruhrort.

There was no disturbance or sign of hostile intent upon the part of the inhabitants and the three Rhine coal ports are completely under allied control.

The advance into Duesseldorf began shortly after daybreak, when Belgian troops entered the city by way of the bridge over the Rhine.

The first English forces to take part in the occupation were airplanes from Cologne, which appeared over the city shortly after 7 o'clock a. m.

At 11 o'clock the French troops had moved up to the town and established headquarters in the Rathaus, while the staff officers took over the Park Hotel as billets.

By noon the streets were filled with the horizon blue of the French and the golden brown khaki of the Belgians.

The first English detachment to arrive was one battalion of the Fourteen Hussars, supported by tanks, which arrived in the city at 2 o'clock. They marched at once to the barracks assigned to them.

The allied occupation was snappy and businesslike. There was no interruption of business. Small groups of idlers gathered in the street to stare, but the majority of the population went about its affairs quietly.

The behavior of the troops was above reproach, and the civilians maintained an attitude of stolid indifference.

YANKS UNRECALLED

American Troops to Remain on Rhine.

Washington—The question of withdrawing the American troops from the Rhine, particularly in view of the new complications produced by the advance of the French and British into Germany, was discussed at a cabinet meeting, but only in a general way, the president indicating that more definite information on the situation is desirable before attempting to reach a decision.

American troops are to stay on the Rhine for the time being, acting in strict accord with the armistice terms and not becoming involved in the further occupation of Germany by the French and British to enforce peace treaty terms.

FEATHER RIVER INN BURNED

Plumas County's Famous Tourists' Resort Destroyed.

Blairdsen—Fire of unknown origin has destroyed the main building of the famous Feather River Inn, at the head of the Feather river canyon and about a mile from Blairdsen, Plumas county.

The loss is estimated at \$100,000. There were rumors in Blairdsen that the blaze was of incendiary origin and the work of a band of arsonists, but Sheriff L. A. Brayden of Plumas county denied yesterday that he had been notified to that effect.

The burned section of the inn housed the dining-room, the lobby, games room and about twenty sleeping apartments. The cottages and power plant were unharmed.

SPANISH PREMIER ASSASSINATED

Madrid—Premier Dato was assassinated yesterday while returning from the chamber in a motor car. He was attacked by several persons who fired a number of shots.

The actual assassin of the premier was a man on a motorcycle who fled. The chauffeur of the automobile in which Premier Dato was riding also was killed.

PROGRESSIVE PARTY

A progressive one o'clock luncheon was the form of entertainment with which Mrs. Ralston Alison, Mrs. W. H. Stray and Mrs. L. T. Lenox favored about a score of their lady friends Thursday.

In each home small tables were set and one course served. The appointments were perfectly harmonious, wonderfully dainty and varied.

The decorations on nut baskets and place cards duplicated the flowers adorning each table and the coloring of the china carried out the color motif.

In addition to the flowers on the tables the rooms all contained beautiful jars and bowls of blossoms which heralded the spring—daffodils, iris, Cherokee roses and flowering quince.

After the luncheon the ladies repaired again to the home of Mrs. Alison where Mrs. Warren Shelly and Mrs. Ralph Hyde, accompanied by Mrs. G. S. Robson, sang in their always charming way.

Cards and social chat completed the afternoon's pleasure and the hostesses were showered with words of praise and congratulation by their departing guests.

WOULD READJUST WAGES

Notice Served by Packers to Fishers' Union.

San Francisco—Negotiations are being carried out between members of the Alaska Fishermen's Union and the salmon packers to adjust differences over prices to be paid for the catch and for the amount of money to be paid the men for their journey to and from the fishing grounds.

Notices were served on the Alaska Fishermen's Union by the packers that 6 1/2 cents would be paid this year instead of 9 cents, the price paid last year. This figure, according to officials of the union, represents a cut of 30 per cent. The packers also stated that they are prepared to pay the men \$150 to cover wages during the voyage to and from the north, which is \$50 lower than that paid last year.

There are nearly 4000 members comprising the Fishermen's Union, in addition to a like number of men who journey north each season to work in the canneries. Unless there is some sort of readjustment there will be none of the fishermen leave here this year according to officials of the union.

The packers take the stand that, due to the large quantities of salmon on hand from last year and the year previous, there is not much anxiety on their part what course the market follows, as the market of the country is at present reported oversupplied.

DERELICT VESSEL OFF COAST

Upturned Ship Is Sighted Off Point Arena

San Francisco—Floating bottom up, a drifting hulk, apparently an upturned vessel, was sighted by the motorship Admiral Mayo last week, about 100 miles off Point Arena. The position of the object was given as seventy-two miles west by south of Monterey bay, and ninety-five miles from San Francisco.

While there is no authenticity for their belief, it was the statement of several shipping men that the object might be the schooner Harvester, now 122 days out of Vavau, Tonga Islands, for this port in command of Captain Swenson and a crew of seventeen men. The Harvester has never been sighted since she sailed from the South seas, on November 4.

Another craft, the four-masted schooner Philippine, is out 100 days from the Fiji Islands, without being reported.

SILVER ANNIVERSARY CELEBRATED

Ranking high among the festivities of the season was the party given Saturday evening by Mr. and Mrs. T. L. Mendel in celebration of their twenty-fifth wedding anniversary. The date of the wedding had passed by, but at that time Mrs. Mendel was nursing a badly infected thumb, caused by the sting of a yellow-jacket, so was compelled to delay the celebration of the event a few days.

The host and hostess thought that the occasion for the party was a secret, but this is "bluebird" season and the wee birdies whispered the note of gladness to which the guests responded by presenting the bridal couple with a set of salad forks.

The walls of the dining room of I. O. O. F. hall had been covered with palms and acacias, which with a bank of calla lilies at one end made quite an enclosed garden. Jars of almond blossoms and bright hued quince completed the picture.

Whist and rook were played, honors going to Mrs. J. C. Ainsley and Roy Archibald for the former, and to Mrs. E. R. Kennedy and Dr. A. B. Townsend for the latter, while Mr. and Mrs. W. H. Stray and Mr. and Mrs. D. H. Cramer cornered the consolations.

A dainty and appetizing lunch was served and at midnight the guests departed with heartiest wishes to their hosts for the celebration of the fiftieth anniversary.

MACHINIST BUYS IN

T. W. Ireland of San Jose has bought the interests of E. C. Merrill in the Orchard City Garage. Mr. Ireland is an expert auto mechanic and will be an asset to the rapidly growing business of this institution. He has had years of experience with the Cadillac and Chevrolet companies, and is well skilled in the mechanics of other makes. With I. H. Grim, an A1 mechanic, also on the job, this shop is equipped with a team capable of turning out expert work in good time.

Mr. Merrill will continue his wood, coal and heavy hauling business.

GRANGER BOOST PRUNE WEEK

Campbell Grangers are enthusiastic over institution of "Prune Week," which has been set to begin on Blossom Day this year, March 19th. At the meeting Tuesday evening it was proposed that a prune booth be maintained at the Saratoga festival. Mrs. Louis Shelley is collecting tested prune receipts to be published during the week.

A debate on the question "Shall the Agricultural College be separated from the University?" was well argued.

Lecturer Mrs. E. K. Clendenning selected W. H. Woodbury and E. R. Dille for the affirmative and Leroy Anderson and J. E. Wiesendanger for the negative. All speakers made good points for their side of the question, which is a really debatable one in this state.

Campbell Grange, one of the largest of the county, is steadily increasing its membership, several new candidates being elected.

SCHOOL ELECTION

The election for the board of trustees for the Campbell Consolidated Grammar Schools will be held Friday, March 25.

Five members are to be elected, and although the law does not specify that there should be a representative from each district, that is customary and works out most satisfactorily. That would mean one each from Hamilton, Meridian, San Tomas and Campbell, and one at large. The voters in each district vote for all five.

All candidates wishing their names to be printed on the ballots must have their applications in the hands of the clerk not later than March 20th, five days before the election.

Serving Our Community

If you have funds deposited with us, you might like to know what is done with your money. So refer to our published statement, in another column of this paper, and let us discuss it for a moment.

Under "Resources," you find the item, "Loans and Discounts." Of this amount, the local Branch furnishes \$926,856.46, which is loaned on good security to individuals and firms in and about Campbell.

What does this mean? Well, perhaps Tom Jones has worked all summer, saved a neat little sum of money, and put it in our bank. Along in the spring farmer Brown needs some work done, but is short of cash; so he comes to us and secures a loan. Then farmer Brown looks up Jones and says, "Tom, want a job?" "Sure," says Tom, who has virtually loaned the money that pays his own wages; only we are the medium and assume all responsibility.

That is but a simple illustration of a system that is working for the public welfare all the time. What particularly pleases us, however, and ought to please you, is that so large a proportion of our resources is working right here—nearly one million dollars in use, paying for labor to develop orchards and other enterprises close about us.

We come of a parent tree deeply and strongly rooted in Santa Clara county, and as a branch we drop our fruit in our own community.

A Strong Testimonial for Blaine's Quality Coffee

This happened very recently. The customer is pretty well fixed in this world's goods; so he is able to buy for his table whatever he likes best; that is, he is more concerned with quality than with first cost.

He tried Blaine's Quality Coffee as an experiment, and what he said about it was this: "I think your coffee is the best I ever used." He's the sort of man, too, that talks straight from the shoulder and means what he says.

You are bound to be interested in a strong testimonial like that. You'll be curious to know, right off, just why Blaine's Quality Coffee wins such unqualified approval. Well, you know, of course, that the whole story would be long. One point will be enough this time.

Stir a little ground coffee that isn't Blaine's. Notice the light colored granules. There are probably many of them. Now compare our "Quality" coffee—very, very few. What do those light specks mean? Dead berries! They set the flavor back—tend to spoil it. Lack of them is just one of the good points in our package, but it's important.

There's satisfaction in the flavor of Blaine's Quality Coffee, and economy in the price—40c.

A SQUARE DEAL for the Round Dollar

Are You Thirty?

If a man at thirty years, will start a savings account now, deposit \$10 a week regularly and compound the interest earned, at fifty he will have more than sixteen thousand dollars to his credit.

From another angle, the interest earnings when he is fifty are \$2 a week more than his weekly deposits. In other words, he can then withdraw an amount equal to more than his weekly deposits and still have on deposit the full amount of his savings.

Are you thirty? Start now to save. Steady saving pays well.

Andrew Ohlen and son of Detroit, Mich., are visiting his brother, E. W. Ohlen, the hatchery man. Mr. Ohlen is shipping about 8000 baby chicks a week and will introduce his brother to the fine points in the hatchery business.

Born to the wife of W. G. Drew (nee Dixie Isham) at St. Francis hospital, San Francisco, a daughter, Dixie Lee. Miss Dixie Lee assumes the reins of government along with President Harding on March 4th, but it is probable that her popularity will be longer lived and that she will remain in control many years longer than the president.

The Woman's Christian Temperance Union will meet with Mrs. R. W. Kennedy on March 16th, at 2 p. m. The subject of the program will be a postponed one on "Americanization," and Mrs. W. S. Burr of Los Gatos, county superintendent, is expected to give a talk upon the subject. Let there be a good attendance. Any interested are cordially invited.

A St. Patrick's Tea will be held at the home of Mrs. C. W. Toles Tuesday afternoon under the direction of the high school P. T. A. The funds realized from this tea will go towards the purchase of a flag for the assembly room. An enjoyable treat for the afternoon will be the singing of Mrs. Joan Ray of San Francisco. A cordial invitation is extended to all. Admission will be 15 cents.

Mr. and Mrs. J. T. Burruss of Carrollton, Mo., were week-end guests of their cousins, Mr. and Mrs. Ralston Alison. They have been spending the winter at San Diego and Los Angeles, but declare this to be the beauty spot. They were delighted with the natural beauties of our valley coupled with the wonderful productivity. They have gone back to Missouri to boost for Santa Clara valley.

CAMPBELL HAS NEW MARKET

The Orchard City Market opened its doors for business on Saturday. The building had been thoroughly overhauled and repaired and a new ice box built. New fixtures and equipment have been installed and everything arranged to make for convenience and quickness of service.

The firm will handle fresh vegetables daily and fish on Thursday and Friday.

The new proprietors, R. H. Lawrence and T. E. Tucker, are former employees of Cooper's Market, San Jose, but wish to contradict the rumor that this market is either a branch of Cooper's or financed by it.

Mr. Lawrence is a block man and Mr. Tucker will do the outside work and assist in the store at busy hours.

An auto delivery service for a radius of about three miles from Campbell will be maintained, calling for and delivering orders.

Mr. and Mrs. Lawrence have rented the Segren house on Johnson avenue, which they hope to occupy within a few days, having sold their home in San Jose.

PRUNE WEEK ENDORSED

I am heartily in sympathy with the idea of "Prune Week." The growers' wives should stand in support of the people who must take the lead in this matter and be ready to assist in carrying out the plans that may be decided on. The success of Prune Week as an advertisement for Santa Clara Valley's main industry depends a great deal upon the housekeepers, as Mrs. Turner has so aptly emphasized. Mrs. Turner deserves much praise for the good beginning. Let us all help her to make Prune Week a grand success.

Mrs. B. O. Curry.

C. Farley has bought out his partner, C. J. Olsen, in the vulcanizing and tire business and will continue giving the public quick and efficient service in his specialty. Mr. Farley is an experienced tire doctor of some years and is most competent to diagnose your tire troubles.

"Before it is too late you'd better Re-tire." He carries a good stock of Fisk and Federal tires to carry you over the bumps.

Frank Weeks has taken a position as clerk in the R. C. Leavenworth store.

Mrs. Emily P. Gard arrived home yesterday after six months special music study in New York. Mrs. Gard plans soon to resume her music classes in Campbell.

Prof. Bland of the state normal school will speak before the Country Woman's Club at the library, Monday afternoon, on "American Women Poets." A cordial invitation is extended to all interested.

The Cambrian club was entertained Wednesday afternoon by Mrs. C. E. Hanger at her home on Los Gatos highway. Mrs. Warren Shelly favored the company with pretty vocal solos and Miss Olive Hanger with piano numbers.

The Cambrian P. T. A. is holding a food sale this afternoon at the school house to start a fund with which to purchase an equipment to inaugurate hot lunches for the children. The welfare day showed that several children were under weight, and the club hopes that hot lunches will help to bring them up to the standard, as well as keeping the rest more fit.

Campbell Improvement Club last week endorsed "Prune Week" as one occasion in which Campbell and community is most vitally interested inasmuch as the best prune producing section of the valley is in this vicinity. Prunes, the army and navy standby, is Campbell's middle name, and before long it will become synonymous when this is a regularly established affair.

Arnold Hall, a meeting place Chico in early days for many organizations, is to be torn down and was announced recently.

Fourteen sacks of rice were reported to have been a United States mail up at Los Angeles.

MONTEZUMA IN
ENDOWMENT
CAMPAIGN

Campaign headquarters have been opened by the Montezuma School at Rooms 5 and 6, La Canada Building. The campaign is to be for the purpose of acquainting the community and friends of the school everywhere with what the school has done, its present condition, and what it hopes to do, and to raise a fund for new buildings and the endowment of scholarships.

Professor E. A. Rogers, president of the school, says that the past ten years of the school's existence have been in the way of experiment, inasmuch as they have been devoted to demonstrating that its methods are practical. These methods differ quite materially from standard methods and have been proven practical by the success of graduates from the school in the showing they have made in the leading universities in the country and in the fact that the school now has the endorsement of leading educators in California and elsewhere, a host of friends, the State Superintendent of Public Education, and the Los Gatos Merchants' Association.

So far the school has been conducted as a private enterprise, except that those interested have turned the profits back into the enlargement and improvement of the institution. Steps are now being taken to convert it into an incorporation not for private gain which will insure the greatest possible service to the public at large and which will mean the perpetuation of the school.

The preliminary work of the campaign is now well under way, and those who know already of the plans predict a successful outcome.

OFFERED JOBS OR JAIL

MEMBERSHIP OF
VETERANS' HOME

The population of the Veterans' home in Yountville, Cal., which a year ago numbered 693, had increased to 795 January 17, 1921. During the last year 96 veterans died, while the year before there was a total of 124. Of the veterans in the home 400 are of the Civil war, 60 Indian, 60 foreign, and 25 world war.

OUT-OF-DOORS MEDICINE

When you are feeling sad or blue, When troubles grave beset you, When sundry cares upset you, Just go out of doors a while With the sunshine and the flowers Remember rainbows follow show-ers; And, if I'm not much mistaken, Why, pretty soon you'll smile.

Defined.
"Would you call it a moral wrong to cheat a lawyer who had charged you an exorbitant fee?"
"No, I wouldn't. I'd call it a human impossibility."

Worse and Worse.
Redd—I ran across Black downtown today while in my car.
Greene—Ran across him, did you say?
"Well, I did say that, but as a matter of fact, I struck him downtown before I ran across him."

Next.
"Just bought my wife a thousand-dollar coat."
"What now?"
"Gonna save up for a pair of shoes for myself."

"A GOOD PROVIDER"
When it comes to being "a good provider," no man would pride himself on furnishing trash liberally for his family. The family is entitled to good, wholesome food that helps growth.

It is the same with reading. Good reading pleases and creates its own hunger for more good reading. The Youth's Companion is the best of reading for all—every member—every age.

And it comes every week—crowded with the best. Let us prove it with a sample.

The Youth's Companion has long since ceased to provide for "Youth" alone. It has become the favorite all-the-family weekly of America. Its name is a misnomer, but is retained for the sentiment it has generated in American homes through its service to every age.

Only \$2.50 for a year of 52 issues. Serial stories, short stories, facts, fun, games, puzzles, humor, etc.
